

# Contents

<b>1. Introduction</b>	<b>7</b>
1.1. Problem . . . . .	7
1.2. Goal . . . . .	8
1.3. Requirements . . . . .	10
1.4. Enterprise Architectures . . . . .	11
1.5. Proposed approach . . . . .	12
1.6. Structure of the paper . . . . .	13
<b>2. Background</b>	<b>14</b>
2.1. Introduction . . . . .	14
2.2. General Concepts of Cloud Computing . . . . .	14
2.2.1. Software as a Service . . . . .	14
2.2.2. Platform as a Service . . . . .	15
2.2.3. Infrastructure as a Service . . . . .	16
2.2.4. Public Cloud Computing . . . . .	17
2.2.5. Private Cloud Computing . . . . .	17
2.2.6. Hybrid Cloud Computing . . . . .	18
2.3. Enterprise Architectures . . . . .	18
2.4. Main problems in Cloud Computing . . . . .	20
2.4.1. Portability . . . . .	21
2.4.2. Privacy . . . . .	22
2.5. Interrelation between Cloud Computing and Enterprise Architectures . . . . .	23
<b>3. State of the Art</b>	<b>25</b>
<b>4. Best Practices</b>	<b>27</b>
4.1. Application security and encryption . . . . .	27
4.2. Governance and risk management . . . . .	29
4.3. Incident management . . . . .	30
4.4. Portability and interoperability . . . . .	31
4.5. Privacy . . . . .	33
4.6. Security and disaster recovery . . . . .	35
4.7. Service availability . . . . .	36
<b>5. Representations Extensions</b>	<b>38</b>
5.1. Graphical representations . . . . .	38
5.1.1. Domains and generic framework . . . . .	40
5.1.2. Graphical representations applied to a generic framework . . . . .	48

---

5.2. Knowledge representations . . . . .	54
5.2.1. Application security and encryption . . . . .	55
5.2.2. Governance and risk management . . . . .	57
5.2.3. Incident management . . . . .	59
5.2.4. Portability and interoperability . . . . .	61
5.2.5. Privacy . . . . .	63
5.2.6. Security and disaster recovery . . . . .	64
5.2.7. Service availability . . . . .	65
5.3. SLA representation . . . . .	69
<b>6. Conclusions</b>	<b>72</b>
<b>A. Business Rules</b>	<b>76</b>
A.1. Application security and encryption . . . . .	76
A.2. Governance and risk management . . . . .	77
A.3. Incident management . . . . .	78
A.4. Portability and interoperability . . . . .	79
A.5. Privacy . . . . .	80
A.6. Service availability . . . . .	81
