

# Contents

<b>Chapter 1</b>	Introduction	2
<b>Chapter 2</b>	Sleep EEG analysis	26
<b>Chapter 3.1</b>	Quantitative changes in the sleep EEG at moderate altitude (1630 m and 2590 m)	34
<b>Chapter 3.2</b>	Supporting Information: Quantitative changes in the sleep EEG at moderate altitude (1630 m and 2590 m)	57
<b>Chapter 4.1</b>	Sleep respiratory disturbances and arousals at moderate altitude have overlapping EEG spectral signatures	64
<b>Chapter 4.2</b>	Supporting Information: Sleep respiratory disturbances and arousals at moderate altitude have overlapping EEG spectral signatures	76
<b>Chapter 5.1</b>	Treatment of central and obstructive sleep apnea by Acetazolamide and CPAP changes brain activity	82
<b>Chapter 5.2</b>	Supporting Information: Treatment of central and obstructive sleep apnea by Acetazolamide and CPAP changes brain activity	102
<b>Chapter 6</b>	Discussion	106
