Nbq 102857

# Index of content

**1 Introduction ..... 4**
1.1 Peripheral arterial disease (PAD) and intermittent claudication (IC) ..... 4
1.2 Peri-capillary basement membrane thickening in PAD patients ..... 5
1.3 Aim of this study ..... 6

**2 Material and Methods ..... 7**
2.1 Participants ..... 7
2.3 Biopsies ..... 8
2.3 Light Microscopy ..... 8
2.4 Transmission electron microscopy ..... 9
2.5 Morphometry analysis of capillaries ..... 9
2.6 Morphometry analysis of intrafibrillar composition ..... 10
2.7 Statistics ..... 10

**3 Results ..... 11**
3.1 Capillarity in VL-muscle biopsies of IC patients ..... 11
3.2 EM analysis of capillaries ..... 11
3.3 Morphometry of the intrafibrillar composition of VL muscle biopsies from IC patients and control participants ..... 14
3.4 Linear regression analyses ..... 15

**4 Discussion ..... 17**
4.1 Peri-capillary basement membrane in skeletal muscles of IC patients ..... 17
4.2 Capillarity in skeletal muscles of IC patients ..... 18
4.3 Correlation between capillarity, mitochondria density and exercise capacity in skeletal muscle ..... 19

**5 Summary ..... 21**

**6 Literature ..... 23**
Acknowledgement ..... 28
