Contents.....	7
List of Abbreviations	10
Abstract.....	11
Zusammenfassung.....	13
1 General introduction	17
2 Modern warfare and its psychological sequelae	19
2.1 Short historical background of the 1998 1999 war in Kosovo.....	21
2.2 Migrants and Refugees following war	23
2.3 Psychological sequelae of war related-experiences and their prevalence	23
2.4 Factors associated with mental health of civilian war survivors.....	29
2.5 Families and transgenerational effects of trauma	30
3 Empirical studies of the current thesis	33
3.1 General overview and aims	33
3.1.1 First Paper: Trauma, mental health and intergenerational associations in Kosovar Families 11 years after the war	33
3.1.2 Second Paper: Trauma Exposure and the Mediating Role of Posttraumatic Stress and Depression on Somatization Symptoms and Persistent Pain in Civilian War Victims.....	34
3.1.3 Third Paper: Obsessive-Compulsive and Posttraumatic Stress Symptoms Among Civilian Survivors of War.....	34
4 Paper I – Trauma, mental health and intergenerational associations in Kosovar Families 11 years after the war	35
4.1 Abstract.....	36
4.2 Introduction.....	37
4.3 Methods	39
4.3.1 Participants and Procedure	39
4.3.2 Measures	41
4.3.3 Data Analysis	44
4.4 Results.....	44
4.4.1 Trauma Exposure	44

4.4.2	Prevalence Rates and Symptom Severity	45
4.4.3	Correlation Analyses	46
4.4.4	Regression Analysis	48
4.5	<i>Discussion</i>	48
4.5.1	Clinical implications and conclusions	53
5	Paper 2 – Trauma Exposure and the Mediating Role of Posttraumatic Stress and Depression on Somatization Symptoms and Persistent Pain in Civilian War Victims	55
5.1	<i>Abstract</i>	56
5.2	<i>Introduction</i>	57
5.3	<i>Material and Methods</i>	59
5.3.1	Procedure	59
5.3.2	Measures	60
5.3.3	Data Analysis	61
5.4	<i>Results</i>	62
5.4.1	Sample Characteristics	62
5.4.2	Trauma Exposure and Symptom Severity	63
5.4.3	Relationship: Mediation Analyses	66
5.5	<i>Discussion</i>	70
5.5.1	Clinical implications and conclusions	73
6	Paper 3 – Obsessive-Compulsive and Posttraumatic Stress Symptoms Among Civilian Survivors of War 75	
6.1	<i>Abstract</i>	76
6.2	<i>Introduction</i>	77
6.3	<i>Methods</i>	79
6.3.1	Subject Recruitment	79
6.3.2	Data Collection.....	79
6.3.3	Data Analysis	81
6.4	<i>Results</i>	82
6.4.1	Demographic Information	82
6.4.2	Associations between Symptoms	84
6.5	<i>Discussion</i>	86
7	General Discussion	91
7.1	<i>Summary of the main results</i>	91

Contents

7.2	<i>Discussion of the results</i>	93
7.3	<i>Limitations</i>	96
7.4	<i>Future research</i>	97
7.5	<i>Conclusions</i>	99
8	References	101

Index of Tables and Graphics

Table 1	Lifetime trauma exposure (N=51 triplets).....	45
Table 2	Prevalence of posttraumatic stress, anxiety and depression (N=51 triplets).....	46
Table 3	Pearson correlations between parents' and children's parameters (N=51 triplets).....	47
Table 4	Regression analysis for posttraumatic stress and depressive symptoms in children (N=51 triplets).....	48
Table 5	Trauma Exposure Reported by 142 civilian war survivors in a post-war region.....	64
Table 6	Somatization Severity, Somatization Symptom Count, and Pain by PTSD and Depression Diagnoses (N=142).....	65
Table 7	Results of Analyses Examining Mediating Role PTSD symptoms in Relationship between Trauma Exposure and Somatization Symptoms and Persistent Pain.....	67
Table 8	Results of Analyses Examining Mediating Role of Depression and PTSD Symptoms in Relationship between Trauma Exposure and Somatization Symptoms and Persistent Pain.....	68
Table 9	Description of the sample of Kosovo immigrants (N=51).....	83
Table 10	Correlations between observed variables (N=51).....	85
Table 11	Summary of Multiple Regression Analysis for Participants' OCD scores (N=51).....	86

Figure 1	Model of Mediation Analyses investigating relationship between Trauma, Posttraumatic Stress Symptoms, Depression, Somatic Outcomes.....	69
