

Table of contents

Introduction	1
Chapter 1: Decomposing Analysts' Forecast Error: What are the Key Factors?	5
1.1. Introduction	5
1.2. Background and related literature	7
1.2.1. <i>Bias in earnings forecasts</i>	8
1.2.1.1. <i>Analyst characteristics</i>	8
1.2.1.2. <i>Firm characteristics</i>	9
1.2.1.3. <i>Forecast characteristics</i>	11
1.2.1.4. <i>Institutional environment</i>	12
1.2.2. <i>Unexpected changes in macroeconomic factors</i>	12
1.2.3. <i>Forecast error dynamics</i>	14
1.3. Data and sample selection	14
1.4. The role of the forecast error components	16
1.4.1. <i>Model specification</i>	16
1.4.1.1. <i>Past forecast error</i>	16
1.4.1.2. <i>Unexpected changes in macroeconomic variables</i>	17
1.4.1.3. <i>Bias</i>	18
1.4.2. <i>Descriptive statistics</i>	19
1.4.3. <i>Dynamic panel data estimators</i>	21
1.5. Variance decomposition of analysts' forecast error	23
1.5.1. <i>One-way analysis</i>	24
1.5.2. <i>Multivariate analysis</i>	24
1.6. Conclusions	26
Appendix	33
Chapter 2: Quality versus Quantity: The Role of Reporting Frequency on Financial Analysts' Information Environment	43
2.1. Introduction	43
2.2. The harmonization process of financial reporting in Europe	45
2.2.1. <i>The historical context</i>	45
2.2.2. <i>Recent developments</i>	47
2.3. Literature review and hypotheses development	48
2.3.1. <i>Mandatory interim financial statements</i>	48
2.3.2. <i>Mandatory IFRS adoption</i>	50
2.4. Data and methodology	52
2.4.1. <i>Sample construction</i>	52
2.4.2. <i>Empirical design</i>	54
2.5. Results	57
2.5.1. <i>Univariate results</i>	57
2.5.2. <i>Multivariate results</i>	60

2.5.3. Differences in the mandated quarterly reporting	62
2.5.3.1. Different enforcement levels.....	63
2.5.3.2. Distance to IFRS.....	64
2.6. Robustness tests	65
2.6.1. Matching sample	65
2.6.2. Transparency Directive	65
2.6.3. Mandatory versus voluntary samples	66
2.7. Conclusions	67
Appendix	76

Chapter 3: Hype My Stock or Harm My Rivals? Another View on Analysts’ Conflicts of Interest.....93

3.1. Introduction	93
3.2. Prior research and hypotheses development.....	96
3.2.1. Conflicts of interest in sell-side equity research	96
3.2.2. The Sarbanes-Oxley Act and related regulations.....	97
3.2.3. Persistence of conflicts of interest.....	98
3.3. Data and methodology.....	101
3.3.1. Sample construction	101
3.3.1.1. Identification of affiliated recommendations and price targets.....	102
3.3.1.2. Identification of rival recommendations and price targets	104
3.3.1.3. Final sample.....	105
3.3.2. Research design.....	105
3.4. Empirical results	107
3.4.1. Descriptive evidence.....	107
3.4.2. Negative ratings on rival stocks.....	110
3.4.3. Evaluating alternative hypotheses.....	112
3.4.3.1. Selection hypothesis.....	112
3.4.3.2. Information hypothesis.....	113
3.5. Short-term market reaction to affiliated and rival bias.....	115
3.6. Conclusions	118
Appendix	124
