

# CONTENTS

## INTRODUCTION

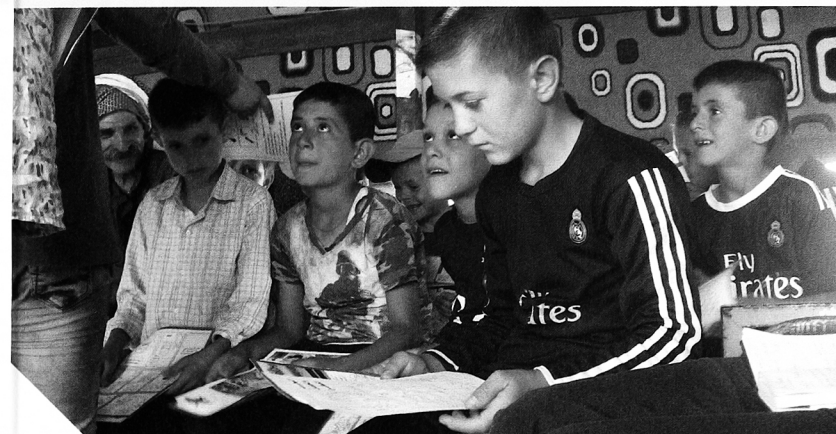

Aim of this Guide	7
Why Standards Matter	8
	9

## BRIEF OVERVIEW OF THE INTERNATIONAL MINE ACTION STANDARDS (IMAS)

Background to IMAS	11
How IMAS are developed	12
The management of IMAS	12
The IMAS series	13
Technical language in the IMAS	15
What are the IMAS used for	15
	16

## THE REQUIREMENTS FOR NATIONAL MINE ACTION STANDARDS

Identifying the need for national standards	17
The process to develop NMAS	18
The differences between IMAS and NMAS	19
What chapters are to be considered and why	21
What topics should be covered in an NMAS chapter	22
Format and numbering of NMAS chapters	24
How to establish minimum requirements	25
Coherence and consistency among the NMAS	26
Relationship between NMAS and SOPs	29
	29

## MANAGEMENT AND REVIEW OF NMAS

Roles and responsibilities of national mine action entities	31
Respecting IMAS and other international norms	32
NMAS and national ownership	35
NMAS and capacity development	35
The role of NMAS after a State meets its Convention obligations	37
	37

## CONCLUSION

39

## ANNEXES

Annex I: List of acronyms	41
Annex II: Framework of IMAS	42
Annex III: Suggested format for an NMAS	44
Annex IV: Generic TORs for an NMAS Review Board	46
Appendix I to Annex IV – TORs for chair, NMAS Review Board	48
Appendix II to Annex IV – TORs for secretary, NMAS Review Board	51
Appendix III to Annex IV – TORs for member, NMAS Review Board	51
