

Table of Contents

Table of Contents	i
List of Abbreviations.....	iii
List of Tables	iv
List of Figures	v
Acknowledgments	vi
Summary.....	viii
Chapter 1: Introduction	1
1.1 Malaria	1
1.2 Bed Nets for Malaria Prevention	2
1.3 Net Use Behavior	6
1.4 Objectives	8
Chapter 2: Associations Between Ideational Variables and Bed Net Use in Madagascar, Mali, and Nigeria	9
2.1 Introduction.....	12
2.2 Methods.....	17
2.3 Results.....	22
2.4 Discussion	32
2.5 Conclusions.....	39
Chapter 3: Correlates of Intra-Household ITN Use in Liberia: A Multilevel Analysis of Household Survey Data	42
3.1 Introduction.....	45
3.2 Methods.....	48
3.3 Results.....	53
3.4 Discussion	60
3.5 Conclusions.....	65
Chapter 4: Demand and Willingness-to-Pay for Bed Nets in Tanzania: Results from a Choice Experiment.....	66
4.1 Introduction.....	69
4.2 Methods.....	70
4.3 Results.....	78
4.4 Discussion	93
4.5 Conclusions.....	97
Chapter 5: Determinants of Bed Net Use Conditional on Access in Population Surveys in Ghana.....	99
5.1 Introduction.....	102
5.2 Methods.....	103
5.3 Results.....	105
5.4 Discussion	108
5.5 Conclusions.....	112

Chapter 6: Determinants of bed net use among those with access in four African countries: an analysis of national surveys and remotely sensed climate data.....	120
6.1 Introduction.....	123
6.2 Methods.....	125
6.3 Results.....	127
6.4 Discussion.....	135
6.5 Conclusions.....	138
Chapter 7: General Discussion.....	140
7.1 Background and Justification for Research	140
7.2 Ideation – Beliefs, Values, and Net Use Behavior.....	140
7.3 Net Ownership and Access – The Desire to Have Enough Nets and Needing to Prioritize Use Among Vulnerable Household Members	142
7.4 Net Use Conditional on Access – Why Are People Not Using Nets?	146
7.5 Strengthening Net Use Among Those with Access	150
7.6 Limitations and Considerations	151
7.7 Final Conclusions.....	152
