SUMMARY 7

THESIS 9

Introduction 10

Material and Methods 12

Selection of shows and markets 12

Sample collection 13

Culture and identification of *D. nodosus* 15

DNA extraction and real-time PCR 16

Results 17

Prevalence at shows 17

Prevalence at markets 17

Vector contamination 19

Discussion 21

Conclusion 25

Ethic statement 25

Acknowledgments 26

References 27

ABSTRACT FOR ORAL PRESENTATION 29

ORAL PRESENTATION 31

CURRICULUM VITAE 41

APPENDIX 43

Protocol DNA extraction 43

Protocol TaqMan real-time PCR *aprV2/B2* for *D. nodosus* 45
