Summary	4
Publication:	
<i>Clostridium chauvoei</i> , an evolutionary dead-end pathogen	5
Abstract	5
Introduction	5
Material and Methods	6
Results	9
Full genome analysis of reference strain JF4335	9
Phylogenetic analysis of <i>C. chauvoei</i> collected worldwide	9
Read Mapping and Consensus comparison of 20 international strains	9
Single Nucleotide variations (SNV) Analysis	10
CRISPR Sequences	11
Comparison of flagellin genes	14
Discussion	14
Author contributions and funding	15
References	16
Curriculum vitae	18
