List of abbreviations.....		iii
Acknowledgements.....		V
Summary.....		Vi
Chapter 1	Introduction	1
	1.1 Dual burden of diseases	1
	1.2 Diabetes mellitus.....	2
	1.3 Neglected tropical diseases	5
	1.4 Dengue virus infections.....	6
	1.5 Helminths infections	9
	1.6 Hygiene hypothesis: allergies and autoimmune disorders	10
	1.7 Chronic helminth infections and immunomodulation	12
	1.8 Immunomodulation due to chronic helminth infections: potential role relevance to DM	15
	1.9 The effect of helminth infections in prevention and treatment of autoimmune diseases and DM	17
	1.10 Relevance of the research to Laos PDR and South Africa	18
	1.11 References.....	21
Chapter 2	Research aim, objectives and research hypothesis	33
Chapter 3	Methods.....	35
	3.1 Overview of research methodology.....	35
	3.2 Research methodology of systematic review and meta-analysis.....	35
	3.3 Field studies in Laos PDR and South Africa.....	36
	3.4 Research collaboration and ethical statement.....	41
	3.5 References.....	42
Chapter 4	Is diabetes a risk factor for a severe clinical presentation of dengue? Review and meta-analysis.....	43
	4.1 Abstract.....	44
	4.2 Author summary.....	45
	4.3 Introduction.....	46
	4.4 Methods.....	47
	4.5 Results.....	49
	4.6 Discussion.....	41
	4.7 Conclusion.....	53
	4.8 References.....	56
Chapter 5	Interactions between helminthic infections and diabetic mellitus: Systematic review.....	68
	5.1 Abstract.....	69
	5.2 Introduction.....	70
	5.3 Methods.....	72
	5.4 Results.....	73
	5.5 Discussion.....	78
	5.6 Conclusion.....	81
	5.7 References.....	81
Chapter 6	Association between helminth infections and diabetes mellitus in adults from the Lao People's Democratic Republic: a cross-sectional study.....	96

	6.1 Abstract.....	97
	6.2 Background.....	98
	6.3 Methods.....	98
	6.4 Results.....	101
	6.5 Discussion.....	110
	6.6 Conclusion.....	113
	6.7 References.....	114
Chapter 7	Association between gastrointestinal tract infections and glycated hemoglobin in school children of poor neighborhoods in Port Elizabeth, South Africa.....	120
	7.1 Abstract.....	121
	7.2 Author summary.....	122
	7.3 Introduction.....	123
	7.4 Methods.....	124
	7.5 Results.....	128
	7.6 Discussion.....	138
	7.7 References.....	141
Chapter 8	Discussion.....	149
	8.1 Overview of discussion	149
	8.2 Discussion with main findings	150
	8.2.1 Association between DM and dengue viral infections	150
	8.2.2 Association between DM and parasite infections.....	152
	8.3 References.....	161
Chapter 9	Conclusion and recommendations.....	171
	9.1 Conclusion and recommendation for dual burden of diseases.....	171
	9.2 Conclusion and recommendation for DM and Dengue viral infections association.....	171
	9.3 Conclusion and recommendation for DM and parasite infections association.....	173
	Curriculum vitae.....	176
