List of Tables	vi
List of figures	vii
Acknowledgements.....	viii
List of abbreviations	ix
Summary.....	xi
Résumé.....	xiii
1. Introduction.....	1
1.1 Discovering malaria	1
1.2 Early malaria control programmes.....	3
1.3 Relevance of malaria in today's broader development agenda.....	4
1.4 Malaria control tools and interventions	6
1.4.1 Malaria case management tools	6
1.4.2 Malaria prevention tools.....	7
1.4.3 Improving access to effective tools	10
1.5 Epidemiology of malaria in Central Africa.....	11
1.5.1 Malaria epidemiology in the Democratic Republic of the Congo (DRC).....	11
1.5.2 Malaria epidemiology in the Central African Republic (CAR)	13
1.6 Malaria surveillance.....	15
1.7 Impact of conflict on malaria control.....	17
1.8 Thesis rational and structure	18
2. Goals and Objectives	19
3. Assessing the impact of twentieth century malaria control measures in the Democratic Republic of Congo: A historical epidemiological perspective.....	20
3.1 Abstract	21
3.2 Introduction.....	23
3.3 Methods.....	24
3.4 Summary of malaria burden results	25
3.5 Timeline	27
3.6 Discussion	37
4. Long-Lasting Insecticidal Net (LLIN) ownership, use and cost of implementation after a mass distribution campaign in Kasai Occidental Province, Democratic Republic of Congo	39
4.1 Abstract	40
4.2 Background	42
4.3 Methods.....	43
4.4 Results.....	48
4.5 Discussion	62
4.6 Conclusions.....	65

5. Malaria case management by Community Health Workers in the Central African Republic from 2009-2014: overcoming challenges of access and instability due to conflict	66
5.1 Abstract	67
5.2 Introduction	68
5.3 Methods.....	70
5.4 Results	73
5.5 Discussion	77
5.6 Conclusion	81
6. Malaria sentinel site surveillance in the Democratic Republic of Congo: Key to understanding real burden and improving targeted control?	82
6.1 Abstract	83
6.2 Background	84
6.3 Methods.....	86
6.4 Results.....	89
6.5 Discussion	96
7. Malaria morbidity in the Democratic Republic of Congo from 2010 to 2014: What is really captured by the surveillance system?	99
7.1 Abstract	100
7.2 Background	102
7.3 Methods.....	104
7.4 Results	107
7.5 Discussion	115
7.6 Conclusion	117
8. Discussion.....	118
8.1 Improving access to health care in isolated communities.....	118
8.1.1 Availability of malaria control tools	118
8.1.2 Accessibility of health care services	122
8.2 Prospects for malaria surveillance in low resource settings	123
8.3 Methodological issues and limitations of the thesis.....	125
8.4 Operational research to guide malaria interventions: The past, present and future	126
8.5 Policy implications and recommendations	127
9. Conclusions	130
10. Reference list	131
11. Curriculum vitae	147
