

# CONTENTS

STATEMENT TO MY THESIS .....	I
SUMMARY .....	III
ACKNOWLEDGEMENTS .....	V
CONTENTS .....	VII
LIST OF ABBREVIATIONS .....	XI
THESIS OVERVIEW .....	- 1 -
<b>PART I: ULTRASTRUCTURE OF NEUROLOGICAL HALLMARKS IN ELDERLY AND PARKINSON'S DISEASE HUMAN BRAIN .....</b>	<b>- 3 -</b>
CHAPTER 1: INTRODUCTION: NEUROLOGICAL HALLMARKS OF AGEING AND DISEASE .....	- 5 -
1.1 Ageing .....	- 5 -
1.2 Human brain bodies: <i>Corpora amylacea</i> .....	- 5 -
1.2.1 General characteristics of <i>Corpora amylacea</i> .....	- 6 -
1.2.2 Ultrastructure of <i>Corpora amylacea</i> .....	- 7 -
1.2.3 Function of <i>Corpora amylacea</i> .....	- 7 -
1.2.4 <i>Corpora amylacea</i> in neurodegenerative diseases .....	- 8 -
1.3 Neurodegenerative diseases .....	- 9 -
1.3.1 Protein aggregation theories .....	- 11 -
1.4 Parkinson's Disease .....	- 13 -
1.4.1 Epidemiology and clinical diagnose .....	- 13 -
1.4.2 Pathophysiology .....	- 14 -
1.4.3 Etiology and risk factors .....	- 15 -
1.4.4 Therapy and animal models .....	- 15 -
1.5 Lewy pathology .....	- 16 -
1.5.1 History .....	- 16 -
1.5.2 $\alpha$ -Synuclein .....	- 18 -
1.5.3 Lewy Bodies .....	- 19 -
1.5.4 Lewy body formation .....	- 22 -
1.6 Conventional electron microscopy of the human brain .....	- 23 -
1.6.1 EM Sample preparation .....	- 24 -
1.6.2 TEM imaging .....	- 25 -
1.6.3 SEM imaging .....	- 26 -
1.6.4 Human brain tissue .....	- 27 -
CHAPTER 2: LEWY PATHOLOGY IN PARKINSON'S DISEASE CONSISTS OF CROWDED ORGANELLES AND LIPID MEMBRANES .....	- 29 -
2.1 Introduction .....	- 30 -
2.2 Results .....	- 31 -

2.3	Discussion .....	- 43 -
	Acknowledgements.....	- 47 -
	Supporting information .....	- 47 -
<b>CHAPTER 3: CEREBRAL CORPORA AMYLACEA ARE DENSE MEMBRANOUS LABYRINTHS CONTAINING STRUCTURALLY PRESERVED CELL ORGANELLES.....</b>		
3.1	Introduction .....	- 50 -
3.2	Results .....	- 52 -
3.2.1	Localization and characterization of <i>Corpora amylacea</i> .....	- 52 -
3.2.2	Differences between intracellular and extracellular <i>Corpora amylacea</i> and their distribution relative to the vascular system .....	- 54 -
3.2.3	Ultrastructure of <i>Corpora amylacea</i> .....	- 58 -
3.3	Discussion .....	- 60 -
	Acknowledgements.....	- 63 -
	Supporting information .....	- 63 -
<b>CHAPTER 4: CONCLUSION AND OUTLOOK.....</b>		
<b>PART II: COMPUTATIONAL DEVELOPMENTS TOWARD HIGH-THROUGHPUT CRYO-ELECTRON TOMOGRAPHY .....</b>		
<b>CHAPTER 1: INTRODUCTION: SUBTOMOGRAM AVERAGING FROM CRYO-ELECTRON TOMOGRAMS.....</b>		
1.1	Structural biology and electron microscopy.....	- 72 -
1.2	The electron beam .....	- 73 -
1.3	Image and contrast formation .....	- 74 -
1.4	Cryo-electron microscopy.....	- 75 -
1.5	The cryo-ET pipeline.....	- 77 -
1.6	Sample preparation for cryo-ET .....	- 78 -
1.7	Data collection .....	- 79 -
1.8	Generation of tomograms for STA.....	- 80 -
1.8.1	Pre-processing: motion correction and dose weighting.....	- 80 -
1.8.2	Tilt series alignment.....	- 81 -
1.8.3	CTF estimation and correction.....	- 83 -
1.8.4	Tomographic reconstruction .....	- 86 -
1.9	Subtomogram averaging.....	- 87 -
1.9.1	Mechanics of subtomogram averaging .....	- 88 -
1.9.2	Subtomogram averaging alignment step .....	- 89 -
1.9.3	Averaging step.....	- 90 -
1.9.4	Subboxing.....	- 91 -
1.10	Software packages for subtomogram averaging .....	- 92 -
1.11	The power of cryo-ET and STA in cell biology.....	- 93 -
<b>CHAPTER 2: AUTOMATED ALIGNMENT OF TILT SERIES FOR CRYO-ELECTRON TOMOGRAPHY IN THE DYNAMO SOFTWARE PACKAGE .....</b>		
2.1	Introduction .....	- 96 -
2.2	The software concept .....	- 98 -

2.3	Tilt series alignment workflow in <i>Dynamo</i> .....	- 100 -
2.3.1	Algorithm .....	- 103 -
2.3.1.1	Residuals and fitting .....	- 106 -
2.3.2	Automatic marker detection .....	- 106 -
2.3.3	Selection of markers.....	- 108 -
2.3.4	Building marker trajectories: <i>shifter</i> .....	- 110 -
2.3.5	Refining markers trajectories: <i>reindexer</i> .....	- 112 -
2.4	Discussion: challenges for high-throughput cryo-ET.....	- 114 -
	Supporting information.....	- 117 -
<b>CHAPTER 3: PROTOCOLS FOR SUBTOMOGRAM AVERAGING OF MEMBRANE PROTEINS IN THE DYNAMO SOFTWARE PACKAGE .....</b>		
3.1	Introduction.....	- 120 -
3.2	Materials and Equipment .....	- 121 -
3.2.1	Equipment.....	- 121 -
3.2.2	Equipment set up .....	- 121 -
3.3	Procedure .....	- 122 -
3.4	Discussion .....	- 146 -
	Acknowledgements.....	- 148 -
	Supporting information.....	- 148 -
<b>CHAPTER 4: CONCLUSION AND OUTLOOK.....</b>		
<b>CLOSING REMARKS.....</b>		
<b>APPENDIX A.....</b>		
<b>APPENDIX B.....</b>		
<b>APPENDIX C.....</b>		
<b>APPENDIX D.....</b>		
<b>APPENDIX E.....</b>		
<b>LIST OF FIGURES .....</b>		
<b>LIST OF TABLES .....</b>		
<b>LIST OF EQUATIONS.....</b>		
<b>LIST OF VIDEOS AND MOVIES .....</b>		
<b>BIBLIOGRAPHY.....</b>		
<b>CURRICULUM VITAE .....</b>
